

LP-1000N

Procedure for Transferring Files from LP-1000 (A, B, C)

For this procedure, you need to have the software for the LP-1000 A,B, or C, the software for the LP-1000N (called LPWorks), and Microsoft Excel installed on your computer.

1. Open the software for LP-1000 A, B, or C
2. Open PLU File
 - A. Select *.plu file* from the *Open* menu.
 - B. Click on the PLU tab.
3. Save as an Excel file.
4. Close the LP-1000 program.
5. Open LPWorks.
6. Select *PLU import - Excel File* from the *File* menu.
7. Double click on your saved Excel file.
8. In the *Select sheet* dialog box, press the *Default Settings* button.
(**Note: Changing to the default settings DOES NOT CHANGE the Item Code. You must use the scroll down menu next to Item Code to change it to either Item Code or PLU Number.**)
Click OK.

Downloading

9. Check boxes under PLU# to select which PLUs to send, or click on the PLU# tab to select all.
10. Click on the *Download* button.
11. Press *Start*.
